Practicum

The practicum provides opportunities for students to gain practical experience in social service or criminal justice agencies and utilize knowledge from the classroom. In this sense, the practicum bridges theory with practice. The department strives to meet the needs of students by placing them in their choice positions at the federal, state, or county levels as well as with certain private agencies and organizations.

Graduate Assistantships

A limited number of graduate assistantships through the department are available on a competitive basis for students in Academic Good Standing and provide opportunities in research and professional assignments. Individual faculty members may have graduate assistantships through funded research grants. For details please contact the graduate program coordinator.
