## Finance Area

The mission of the Finance program is to provide business students with the financial management and analytical skills to become successful managers and leaders in a technology oriented global environment. The vision of the Finance program is to offer innovative programs that prepare diverse students for professional careers in the financial services industry and provide solutions to global business challenges.

The Finance program curriculum is designed to provide students with tools required for careers in financial management in corporations, financial services industry, and not-for-profit organizations. The courses offered emphasize empirical application and managerial decision-making in all areas of finance including insurance and real estate. The concentration in Finance, Finance and Financial Planning Dual Concentration, and Accounting and Finance Dual Concentration are designed to equip students with the breadth of knowledge required to become effective financial analysts, financial planners, and financial managers in a rapidly changing global, economic, and technological environment.

A minimum grade of "C" is required in all Business Core Courses, courses taken in the concentration, and CMAT 109 College Algebra for Bus & Econ, CMAT 110 Calculus for Bus & Econ, CENG 105 College Composition I, and CENG 106 College Composition II.

## Student Learning Outcomes

Graduates of the Business Administration with Finance Concentration will be able to:

1. Apply accounting concepts and methods to interpret financial statements for evaluating the financial position and performance of organizations.
2. Apply business financial management concepts and methods to make basic investment and financing decisions.
3. Interpret and analyze financial accounting information for internal control, planning, and resource allocation.
